

DPA Requirements

The 1st HOME Down Payment Assistance (DPA) Program provides down payment and closing cost assistance to eligible homebuyers purchasing their home in one of the member jurisdictions of the St. Louis County HOME Consortium. Current members participating in this program are St. Louis County, City of Florissant, Jefferson County, St. Charles County, and City of O’Fallon.

The Housing Partnership, Inc. is one of the agencies that facilitates this program. Funds are provided as a 0% interest, \$0 payment loan that is forgiven after homebuyers reside in the property for 5 consecutive years as their primary residence. A prorated amount of 20% will be forgiven each year. Funds can be used for down payment and/or closing costs.

This program has many components and requires cooperation from multiple parties. As such, **we require the closing date to be scheduled at least 45 days after we are first notified of the active contract.**

We will send **one** update email per week to all parties (client, lender, real estate agent, and title company). We will communicate more frequently when the closing is less than a week away.

Some items are required to issue a pre-approval. Other items are required to issue a final approval. **All items are requested at least 2 business days before closing** so we have time to get our cashier’s check and documents prepared for the closing.

If you have **any** questions about the requirements or your responsibilities, please ask!

Overview of DPA Program

The City of Florissant DPA program offers **up to \$8,000** of assistance. Funds use a **sliding scale system** based on total household income. All households must be under the 80% AMI limit. However, the lower the income, the higher the DPA loan amount.

DPA % Awarded	DPA Loan Amount	Income Limit	Household Size							
			1	2	3	4	5	6	7	8
100%	\$8,000	50% AMI	\$36,150	\$41,300	\$46,540	\$51,600	\$55,750	\$59,900	\$64,000	\$68,150
95%	\$7,600	60% AMI	\$43,380	\$49,560	\$55,740	\$61,920	\$66,900	\$71,880	\$76,800	\$81,780
90%	\$7,200	80% AMI	\$57,800	\$66,050	\$74,300	\$82,550	\$89,200	\$95,800	\$102,400	\$109,000

This funding is treated as a second mortgage from the City of Florissant (St. Louis County, MO), including the signing of a Promissory Note, Deed of Trust, and a Notice of Sale. The loan can drop to third position if the lender is also facilitating MHDC or another program that is required to be in second position.

Closing Disclosure

Please adhere to the “Points Purchased” rule above regarding Section A, Line 01 Buying Points (Borrower-Paid).

The down payment assistance loan must be listed in Section L *EXACTLY* as:

- **St. Louis County, MO DPA**
- Must use the **net dollar amount** indicated by the ALTA statement created by the title company after recording fees and processing fees are subtracted out for the loan

Buyer must have at least \$1,000 vested into the transaction from their own funds. This must be verified by receipts and/or itemized on the Closing Disclosure (CD) as a POC item (Paid Outside of Closing).

- Can include but is not limited to: earnest money, inspections, homebuyer education course fee, and counseling session fee
- **If the CD has a refund, that refund lessens the total amount vested by the Buyer, which still must equal at least \$1,000.**
- Example Scenario: \$1,000 earnest money + \$500 appraisal paid by Buyer = \$1,500 vested, but with a refund of \$600 indicated on the CD, this really = \$900 that the client has vested. We need to verify they have vested at least \$100 somewhere else to get them to \$1,000.

Real Estate Agent Requirements

All documents needed from the real estate agent are listed below. Some items are most important to receive early since they are needed to complete a preliminary review of the file.

Required for a Pre-Approval:

1. Fully executed sales contract with all counteroffers, riders, disclosures, and amendments

Required for a Final Approval:

1. Inspection notice, if applicable
 - a. Please confirm if this doesn't apply so it can be removed from the list.
2. Documentation for HOA or Condo Association dues, if applicable
 - a. Please confirm if this doesn't apply so it can be removed from the list.
3. URA Property Owner Statement – The Seller must complete this form.
 - a. The property **will not** qualify for the program if a tenant has recently occupied the property (currently or within the last 90 days). This includes instances where the current owner moved out prior to selling the home.
 - b. The property **will** qualify for the program if it has been vacant for 90+ days, it is currently occupied by the owner, or it is being purchased by the current tenant.
4. Documentation for required property inspections:
 - a. Building inspection by ASHI/InterNACHI-certified inspector: must be done by the **Buyer**
 - b. Occupancy Inspection (including all re-inspections): must be done by the **Seller**
 - i. Visual Lead Letter
 - ii. Certificate of Compliance

Additional Required Items:

- Occupancy Permit: Since Florissant only allows current homeowners to receive this, **the Buyer will need to get this after closing.**

Inspections Requirements

The Buyer and real estate agent should work together as needed for these items.

Building Inspection

This must be completed by an **ASHI Certified or InterNACHI Certified Inspector**.

ASHI:

Find an inspector: <https://www.homeinspector.org/Find-An-Inspector/Additional-Search-Options>

Inspectors that fit the requirement will have this seal next to their name:

Please reference the link above to verify that the person doing the inspection is fully certified and not just a Member or an Associate Member working towards their certification. **Even if someone has an ASHI number tied to their name, that does not mean they are properly certified.**

InterNACHI:

Find an inspector: <https://www.nachi.org/certified-inspectors>

Inspectors that fit the requirement will have this seal next to their name:

Please reference the link above to verify that the person doing the inspection is InterNACHI certified.

Occupancy Inspection

The Seller must be the one to schedule the Occupancy Inspection (aka Minimum Housing Inspection) and any resulting re-inspections. The cost is \$100, which includes an initial inspection and one re-inspection. Any additional inspections cost \$50. The Seller will have 120 days to complete any necessary repairs.

There are two components to this inspection. Both components must pass in order to qualify for the DPA program.

1. Visual Lead Assessment
2. Housing/Occupancy Inspection

These are the documents we require for the DPA program:

- Visual Lead letter
- Certificate of Compliance (issued after the passed housing/occupancy inspection)
- Occupancy Permit including the names of all future occupants in the **Buyer's** household

Florissant only allows current homeowners to receive the Occupancy Permit, so in order to comply with the DPA program, the Buyer will need to get this after closing. This permit must list **everyone** who will be residing in the home.

Title Company Requirements

All documents needed from the title company are listed below. These items are not required to issue a pre-approval or final approval, but they are still required for the program.

1. Title Commitment adding a policy for St. Louis County
 - a. Held in Fee Simple title
 - b. Name: St. Louis County, MO DPA
 - c. Amount: \$8,000
 - d. The DPA loan can be added to the title policy of the primary loan if needed.

 - b. Deed of Trust: 11 pages (\$54)
 - c. Notice of Sale: 2 pages (\$27)
 - d. In order for the Buyer to get the maximum benefit of this assistance, we request all fees (including the above DPA fees and your company's fees), do not exceed \$300, if possible.
