

## DPA Requirements

The 1<sup>st</sup> HOME Down Payment Assistance (DPA) Program provides down payment and closing cost assistance to eligible homebuyers purchasing their home in one of the member jurisdictions of the St. Louis County HOME Consortium. Current members participating in this program are St. Louis County, City of Florissant, Jefferson County, St. Charles County, and City of O’Fallon.

The Housing Partnership, Inc. is one of the agencies that facilitates this program. Funds are provided as a 0% interest, \$0 payment loan that is forgiven after homebuyers reside in the property for 5 consecutive years as their primary residence. A prorated amount of 20% will be forgiven each year. Funds can be used for down payment and/or closing costs.

This program has many components and requires cooperation from multiple parties. As such, **we require the closing date to be scheduled at least 45 days after we are first notified of the active contract.**

We will send **one** update email per week to all parties (client, lender, real estate agent, and title company). We will communicate more frequently when the closing is less than a week away.

Some items are required to issue a pre-approval. Other items are required to issue a final approval. **All items are requested at least 2 business days before closing** so we have time to get our cashier’s check and documents prepared for the closing.

If you have **any** questions about the requirements or your responsibilities, please ask!

## Overview of DPA Program

The Jefferson County DPA program offers **up to \$7,000** of assistance. Funds use a **sliding scale system** based on total household income. All households must be under the 80% AMI limit. However, the lower the income, the higher the DPA loan amount.

DPA % Awarded	DPA Loan Amount	Income Limit	Household Size							
			1	2	3	4	5	6	7	8
100%	\$7,000	50% AMI	\$36,150	\$41,300	\$46,540	\$51,600	\$55,750	\$59,900	\$64,000	\$68,150
95%	\$6,650	60% AMI	\$43,380	\$49,560	\$55,740	\$61,920	\$66,900	\$71,880	\$76,800	\$81,780
90%	\$6,300	80% AMI	\$57,800	\$66,050	\$74,300	\$82,550	\$89,200	\$95,800	\$102,400	\$109,000

This funding is treated as a second mortgage from Jefferson County, MO, including the signing of a Promissory Note, Deed of Trust, and a Notice of Sale. The loan can drop to third position if the lender is also facilitating MHDC or another program that is required to be in second position.

## Closing Disclosure

Please adhere to the "Points Purchased" rule above regarding Section A, Line 01 Buying Points (Borrower-Paid).

The down payment assistance loan must be listed in Section L *EXACTLY* as:

- **Jefferson County, MO DPA**
- Must use the **net dollar amount** indicated by the ALTA statement created by the title company after recording fees and processing fees are subtracted out for the loan

Buyer must have at least \$1,000 vested into the transaction from their own funds. This must be verified by receipts and/or itemized on the Closing Disclosure (CD) as a POC item (Paid Outside of Closing).

- Can include but is not limited to: earnest money, inspections, homebuyer education course fee, and counseling session fee
- **If the CD has a refund, that refund lessens the total amount vested by the Buyer, which still must equal at least \$1,000.**
- Example Scenario: \$1,000 earnest money + \$500 appraisal paid by Buyer = \$1,500 vested, but with a refund of \$600 indicated on the CD, this really = \$900 that the client has vested. We need to verify they have vested at least \$100 somewhere else to get them to \$1,000.

## Real Estate Agent Requirements

All documents needed from the real estate agent are listed below. Some items are most important to receive early since they are needed to complete a preliminary review of the file.

### Required for a Pre-Approval:

1. Fully executed sales contract with all counteroffers, riders, disclosures, and amendments

3. URA Property Owner Statement – The Seller must complete this form.
  - a. The property **will not** qualify for the program if a tenant has recently occupied the property (currently or within the last 90 days). This includes instances where the current owner moved out prior to selling the home.
  - b. The property **will** qualify for the program if it has been vacant for 90+ days, it is currently occupied by the owner, or it is being purchased by the current tenant.
4. Documentation for required property inspections:
  - a. Building inspection by ASHI certified or InterNACHI certified inspector
  - b. 1<sup>st</sup> Time Homebuyer Assistance Program Inspection by Jefferson County
    - i. Inspection Report
    - ii. Summary Report (mentions Visual Lead Assessment)
  - c. Municipal Occupancy Permit, if applicable – If the home is located in a municipality, their occupancy inspection must be completed and passed before closing. Information for all members of the homebuyer's future household will need to be listed on the permit, if requested by the municipality. If the municipality only allows current homeowners to receive this, the Buyer will need to get this ASAP after closing.

## Inspections Requirements

The Buyer and real estate agent should work together as needed for these items. Please keep us in the loop on any issues, such as a failed inspection.

2. Occupancy Inspection – must pass

#### **Scheduling:**

Buyer or Buyer's agent must call the Jefferson County Building Department at 636-797-5310, option 0. Ask for the 1<sup>st</sup> Time Homebuyer Assistance Program inspection.

### **Copied directly from Jefferson County's website:**

When the application is processed, the applicant will be given specifics to call the next morning to arrange for the inspection. Someone will be required to meet the inspector; if the home is vacant, it must be unlocked, or entry code provided.

Water, Gas & Electric must be on at time of inspection.

It may be necessary to move furniture or wall hangings to inspect Electrical, Plumbing & Interior Walls.

When the inspection is complete, the inspector will leave inspection paperwork at the property or with the individual that gave access to the property.

### **If It Fails:**

If the initial inspection fails, then the issues must be addressed. Once the issues are fixed, a re-inspection must be scheduled with Jefferson County.

This process must be repeated as necessary. Both the Inspection Report and Summary Report (Visual Lead Assessment) **must pass** in order to qualify for the DPA program.

## **Municipal Occupancy Permit**

If the property is located within a municipality, the homebuyer is still required to obtain an occupancy permit from the municipality. This is required in addition to the Jefferson County 1<sup>st</sup> Time Homebuyer Assistance Program Inspection.

The inspection must be completed and passed before closing. Household size cannot exceed the amount allowed on the occupancy permit. **The occupancy permit must list everyone who will be residing in the home**, if the municipality asks for such details.

Sometimes, the municipality only allows current homeowners to have an occupancy permit in their name. The passed inspection is required no matter who is allowed to receive the occupancy permit, so you may need to work with the Seller to schedule it. If this applies, then **the Buyer must obtain that permit ASAP after closing.**
